

# Tobacco Science Research Conference Scholarship Application

Administered by the TSRC Editorial Committee

**Purpose:** To promote contributions and participation from graduate students, the TSRC Editorial Committee will award up to two scholarships based on the quality of the work presented at the conference, as outlined in the abstract.

**Eligibility:** Full-time graduate students.

**Timetable:** Applications must be submitted to the Editorial Committee by May 15, 2026. Scholarships will be awarded in early July.

**Instructions:** Please upload your completed application and abstract to the Abstract Submission Portal at [www.tsrcinfo.com](http://www.tsrcinfo.com).

## **Additional Information:**

The Scholarship covers full conference registration and up to three (3) nights of lodging (room and tax only), which will be paid directly by the Conference Committee for the duration of the conference. Please note that travel expenses and other costs will not be reimbursed.

While the Editorial Committee may accept the abstract for inclusion in the technical program, the Scholarship will not be granted at that time. Authors will then be responsible for covering all expenses related to attending the conference. However, graduate students will receive a 50% discount on the registration fee.

If an awardee chooses to withdraw their paper or does not make the presentation, the Scholarship will be revoked.
